We are pleased to announce the **Singapore Wrist Arthroscopy Course** to be held February 27–28, 2016 in Singapore. Renowned international faculty will share their expertise and skills and demonstrate wrist arthroscopic techniques. The 2-day program will include a series of expert talks, debates and interactive discussions with the faculty and participants, as well as hands-on workshops on anatomical specimens. Pearls and pitfalls will be emphasized.

The Hands-on Workshop is designed to host up to 40 participants with a Faculty/Participant ratio of 1:2. The Basic Level Workshop includes both Arthroscopic and Open wrist surgical techniques. The Advanced Level Workshop focuses on cutting edge Arthroscopic techniques. We anticipate many participants from regional countries and expect this meeting to be a vibrant and engaging one.

**Look forward to welcoming you in Singapore!**

---

**International Faculty:**
- Andrea ATZEI - Italy
- Greg BAIN - Australia
- PierPaolo BORELLI – Italy
- Jeff ECKER – Australia
- Keiji FUJIO – Japan
- Fabio Curini GALLETTI – Italy
- Max HAERLE - Germany
- Jan-Ragnar HAUGSTVEDT – Norway
- Pak Cheong HO - Hong Kong
- Sanjeev KAKAR - USA
- Alberto LAZZERINI - Italy
- Riccardo LUCHETTI - Italy
- Jane MESSINA – Italy
- Norman Della ROSA - Italy
- Ranjit SINGH – Malaysia

**Local Faculty:**
- Andrew CHIN
- David TAN
- Puay Ling TAN
- Ter Chyan TAN
- Lam Chuan TEOH
- Chong Jin YEO

**Registration Deadline:** Sun, January 31, 2016
# Singapore Wrist Arthroscopy Course
## Basic & Advanced Level

### Saturday, February 27, 2016

**Lectures**

- Introduction to wrist arthroscopy
- Set up, instruments, portals, complications
- Basics of joint exploration
- Synovectomy & Ganglionectomy
- SL ligament. Anatomy. Injury & Classification
- SL ligament Repair / Reconstruction
- Wrist arthroscopy in distal radius fracture
- Scaphoid fracture and non-union
- DRUJ and TFCC anatomy and pathomechanics
- Peripheral and foveal reattachment of TFCC
- DRU ligament reconstruction
- Ulnar impaction syndrome

### Sunday, February 28, 2016

**Basic (Hands-on session)**

- Radiocarpal and Midcarpal examination, Synovectomy & Ganglionectomy
- Arthroscopic TFCC suture, TFCC resection, Wafer procedure
- Open SL Capsulodesis and reconstruction (3LT)
- Open Fixation of scaphoid fracture /non-union with bone graft
- Open Fixation of distal radius (volar plating)

**Advanced (Hands-on session)**

- Diagnostic wrist arthroscopy, Radial styloidectomy and wafer procedure.
- Arthroscopic SL Capsulodesis, TFCC suture and foveal repair
- Arthroscopic assisted fixation of scaphoid and bone grafting
- Arthroscopic assisted fixation of distal radius fracture

*This course is conducted in English.*

*Information accurate as of 12 August 2015. The program might be adjusted.*
Registration Form

Registration Fee: (before Jan 31, 2016)
Fee includes: Course & Cad-Lab with 1 Anatomical specimen; Educational material; Attendance certificate; refreshment; Course Dinner

☐ Participant non-member: SGD $1700.00 (approx. USD $1200.00)
☐ Member SHSS, SICM, EWAS: SGD $1400.00 (approx. USD $1000.00)
☐ Resident and trainee: SGD $1200.00 (approx. USD $850.00)
☐ All inclusive Package: SGD $2800.00 (approx. USD $2000.00) *(includes Hotel 4* for 3 nights)*

Registration Fees will be increased of SGD $280.00, after January 31, 2016

Name: ____________________________
(Name indicated above will be reflected in the certificate upon course completion)
